

Club Med Cherating Beach Malaysia 15-22 May

CAPRICORN CONVENTION 2010 - Nov/DEC NEWSLETTER

With 6 months to go, plans are well underway for the best ever Capricorn Convention. Around 500 Capricorn guests will 'take-over' one of Club Med's top ranked resorts, the beautiful Cherating Beach Resort, where the rainforest meets the sea on the East Coast of Malaysia. We have locked in the sponsorship for all the fun activities and special dinners and wish to thank Beaurepaires, Burson, Castrol, Century Batteries, Internode, M2 Telecommunications, MTQ Engine Systems, Repco, Supercharge & Valvoline.

We will all spend many hours here

See, it's a jungle right at the doorstep

Spectacular food & superior service

Your room is ready and waiting

TURTLE RESCUE: Capricorn's Convention will assist the CHERATING TURTLE SANCTUARY (Kuantan) with their conservation work and on-going project at the breeding grounds on Cherating Beach where turtles come ashore and lay eggs. The research centre provides information, education and research on turtles and features a sea shell exhibit and a turtle hatchery. Under the supervision of the Fisheries Department with the support of the Pahang State Government, it opened in 1998.

Kuala Lumpur 'shop-over' has proven a very popular add-on with over 75% of members choosing the extra stay. So it looks like the party will continue to the Nation's capital.

Member accounts will be invoiced for Convention in December and ticketing is due to start in March. Look for your tickets to arrive in your travel packs by courier direct to you in April.

Club Med hope to introduce some new activities in time for the Capricorn group. They already have a full agenda of entertainment and fun for us all. And they have some very special tour options arranged. More on that soon.
