

Batteries that last and last

Your Complete Marine Power Solutions Provider

The ultimate in marine batteries and perfectly adapted to life on the water, Century's range of Marine batteries are purpose-built to withstand our unforgiving and demanding harsh marine conditions.

Robust construction, advanced plate technology and superior vibration resistance, ensure reliable starting power and the energy needed to run onboard accessories, as trusted by boaties across Australia.

- ✓ Superior starting power - starts engines from 70 - 350+hp
- ✓ Dual purpose - starting and semi-cycling capabilities for on-board accessories†
- ✓ Thicker full frame cast plates^ for improved strength and durability
- ✓ Platelock™ technology to combat the effects of wave pounding and damage from trailer transport†

† Excluding Marine Pro 580. ^Positive plate only in Marine Pro 580.
