Material limitations and Restrictions

We also offer advice on, and deal in, mutual risk products or “protections” issued by Capricorn Mutual Limited (Capricorn Mutual) Protections provided by Capricorn Mutual are not insurance. Capricorn Mutual is not regulated as an insurer in New Zealand law by the Reserve Bank of New Zealand and is not regulated as a provider of any other financial service by any other New Zealand regulator. Any advice provided on protections is not financial advice under the Financial Services Providers (Registration and Dispute Resolution) Act 2008.

We have an exclusive arrangement to deal on behalf of Capricorn Mutual for the protections it issues. We do not search the market for any insurance product that competes with, or is a substitute for, protections offered by Capricorn Mutual unless:

1. You are not eligible to be a member of Capricorn Mutual;
2. The product you request is not provided by Capricorn Mutual, which may include (a) management liability; (b) cyber liability; (c) employers and statutory liability; (d) contract works; and (e) boats (recreational and commercial);
3. The product you request is provided by Capricorn Mutual but you do not fall within Capricorn Mutual’s prescribed risk profile or you apply for protection and are declined; or
4. You inform us prior to receiving a quote for protection from Capricorn Mutual that you do not wish to receive protection.

We are not aware of any other material limitations or restrictions on the scope of financial advice service we provide. If any are identified, we will disclose them to you.

How We Get Paid

We earn our income from either a fee or commissions earned from providers or a combination of both.

Fees and Expenses

Should you proceed with our financial advice and we arrange insurance for you, then a fee will be charged.

This fee will be a transaction fee of \$5+GST per invoice. In addition to this, a fee, based on the amount of work and time required to provide and implement our advice may be charged in addition to the transaction fee. The combination of these will be shown on your invoice.

If we arrange insurance for you and you cancel it part way through the insurance period, we may keep some or all of that fee from any refund due to you by the provider.

We may charge a fee for making adjustments to your insurance during the insurance period. This fee will show on your invoice.

Sometimes other fees are charged that do not relate to the financial advice such as credit card fees. If so, we will advise you of this in our recommendation.

Conflicts of Interest and Incentives

When we arrange insurance for you, the provider(s) may pay us a commission. The amount of the commission varies between providers and products and is based on a percentage of the Company Premium and Natural Disaster premium (if applicable).

If we arrange insurance for you and you cancel it part way through the insurance period, we may keep some or all of the commission from any refund due to you by the provider.

PSCCNZ retain a percentage of this commission for a range of professional services they provide to CRS.

If a person or entity has referred you to us, we may pay them a percentage of the commission and/or fees we receive for their referral.

A financial adviser may have a conflict of interest in circumstances where financial advice has been provided to two clients who later have a dispute. If this occurs the financial adviser will disclose the conflict of interest to you and refer one client to another financial adviser for advice and assistance.

To ensure that our Financial Advisers prioritise your interests above their own, we follow an advice process that ensures our recommendations are made on the basis of the information you have provided and your unique circumstances.

We maintain a register of conflicts of interest, of gifts and any other incentives we may receive.

If we believe there is a conflict of interest – real or perceived – we will discuss this with you.

PSCCNZ and CRS also undertake annual internal reviews to ensure compliance with these statements.

Premium Funding

Premium funding enables you to pay the insurance premium by instalments, rather than make a lump sum payment.

Premium funding companies charge interest and they take a power of attorney over your insurance policy. This means they have the ability to cancel your insurance policy if you fail to pay an instalment.

If you enter into a premium funding arrangement, the premium funding company will pay CRS a commission as a percentage of the amount they fund. We share some of this commission with PSCCNZ for the services they provide.

We will disclose the amount of this when we know the scope and nature of the advice you need and whether you want to pay by instalments.

Complaints Handling & Dispute Resolution

Please refer to our Internal Complaints Process that can be found [here](#).

CRS, PSCCNZ and anyone who gives financial advice on their behalf have duties under the Financial Markets Conduct Act 2013 relating to the way that we give advice.
