Workplace Gender Equality Agency

Each year, Capricorn and other businesses in Australia with more than 100 employees submit a report to the Workplace Gender Equality Agency (WGEA) that outlines key pieces of information regarding employment conditions. All information submitted is de-identified to ensure confidentiality.

These reports are then collated nationally to provide vital insight into gender equality in Australia.

Should you be interested in viewing Capricorn's, or any other business's reports, WGEA publish a high level view of these reports online and can be accessed through the following link: <https://www.wgea.gov.au/report/public-reports>. Copies of Capricorn's public report are also available on request.
